

4th International Conference on Electronic Engineering and Renewable Energy

<http://www.iceere.com/iceere24>

General Chairs:

B. HAJJI, *ENSA-Oujda, Morocco*
A. RABHI, *University of Picardie Jules Verne, France*
A. MELLIT, *University of Jijel, Algeria*

General Co-Chairs:

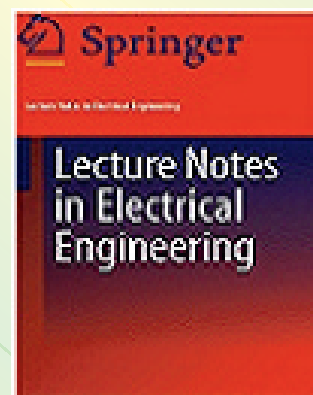

M. A. KOULALI, *ENSA-Oujda, Morocco*
G. M. TINA, *University of Catania, Italy*
A. Gagliano, *University of Catania, Italy*
M. Calì, *University of Catania, Italy*
S.E. Naimi, *ENSA-Oujda, Morocco*

Steering Committee:

L. BOUSELHAM, *ENSA-Oujda, Morocco*
M. A. KOULALI, *ENSA-Oujda, Morocco*
M. ESSOUFI, *ENSA-Oujda, Morocco*

Conference Proceedings Citation Index:

All the accepted and presented papers ICEERE'24 will be published in proceedings Books by Springer's LNEE (indexed by EI, SCOPUS & DBLP within).

Extended version of selected papers ICEERE'24:

Will be considered for possible publication in reputable journals and will be posted soon.

Previous editions:

- First edition ICEERE'18:

May 31-2 June 2024

Saidia-Morocco

The Fourth Edition of the International Conference on Electronic Engineering and Renewable Energy (ICEERE'2024) is going to be the international forum for the presentation of new advances and research results in the fields of Electronic Engineering, Internet of Things, Embedded Systems, Communication and Renewable Energy. This will focus on the innovative applications of AI to address the critical challenges in energy systems, energy materials, energy chemistry, energy utilization & conversion, energy & society, as well as other important issues.

The Electronic Engineering and Renewable Energy Systems Conference has been held continuously since 2018 with the success of three editions: ICEERE'18, ICEERE'20 and ICEERE'22. Over the years, it has become a respected and mature event, under the technical and scientific co-sponsorship of the community comprising a large group of leading scientists at the international scale. The fourth conference ICEERE 2024 will be held in Be Live Hotel 5* - Saidia, Morocco from May 31 to 2 June, 2024. It covers a wide spectrum of

Conference Topics:

- Sensors, Communications and Network
- Wireless and Mobile Communication
- Electronics Engineering and Microelectronics
- Materials, Devices, Circuits and Systems
- Biomedical devices & Medical image processing
- Robotics and Autonomous Systems
- IoT, Machine Learning and Deep Learning
- Smart IoT, Embedded Systems & Industry 4.0
- Signal, Vision and Image Processing
- Power Electronics, Systems and Applications
- Renewable energy applications
- Electric Vehicles
- Electrical Systems
- Energy Storage and Management
- Smart Homes, Cities and Communities
- Smart Grids & Microgrids
- Artificial intelligence in RE applications
- Renewable Energy Markets and Policies
- Hydrogen and Fuel Cell Research
- Precision Agriculture
- Soil and water management techniques

Keynote speakers:

- Mr. Mohamed Ait Alla, *Senior Principal Architect at Google Cloud Paris, France*
- Dr. Gilles Dequen, *University of Picardie Jules Vernes (UPJV), France*
- Dr. Khalid Radouane, *Vice-President of New Technologies at EDF Renewable, France*
- Dr. Michale Cali, *University of Catania, Italy*
- Dr. Senhorinha teixeira, *University of Minho, Portugal*
- Dr. Hamid Madani, *Faculty of Medicine and Pharmacy of Oujda, UMP, Morocco*

IMPORTANT DEADLINES

Full paper submission..... January 31th, 2024
Notification of paper acceptance.....February 26th, 2024
Camera-ready paper submission.....March 29th, 2024
